EXTERNAL SERVICES

Regulatory Services

1. Endorsement (Initial) and Issuance (Renewal) of Registration Certificate to Animal Facilities	13
2. Endorsement (Initial) and Issuance (Renewal) of Certificate of Feed Product Registration (CFPR) Renewal	17
3. Endorsement of Brand Name Clearance (BNC) Application	22
4. Endorsement (Initial) and Issuance (Renewal) of Animal Feed Establishment Registration Certificate	25
5. Endorsement (Initial) and Issuance (Renewal) of License to Operate Veterinary Drugs and Product (VDAP) Establishments	33
6. Endorsement of Application for Livestock, Poultry and By-Products Handlers (LPH) License (Initial/ Renewal)	40
7. Endorsement of Registration for Accreditation of Livestock Transport Carrier (LTC) Initial /Renewal	43
8. Endorsement for Show Permit	46
9. Endorsement of Accreditation of Animal Show Organizer	49
10. Endorsement of Accreditation of Animal Show Veterinarian	52
11. Endorsement of Application for Plant Nursery Accreditation	55
12. Endorsement of Farms for Good Agricultural Practices (Gap) Certification	57
13. Endorsement For Good Animal Husbandry Practices (GAHP) Certification	59
14. Release of Approved Registration Certificate/Accreditation/Permit/ Licenses to Operate	63
15. Provision of Orientation Seminars/Advocacy Seminars	66

Integrated Laboratories Services

1. Blood Parasite Examination	69
2. CARD Agglutination Test (CATT) for Trypanosomes	71
3. Complete Blood Count (RBC Count, WBC Count, Packed Cell Volume, Differential Count, Platelet Count, Hemoglobin Count)	73
4. ELISA (ENZYME LINK IMMUNOSORBENT ASSAY) for PRV (Pseudorabies virus/ aujeszky's disease), PCV-2 (Porcine Circo Virus type 2, PRRS (Porcine Reproductive and	76

Respiratory Syndrome Virus), HCV (Hog Cholera Virus); and CAE (Caprine Arthritis Encephalitis)	
5. Fecalalysis	78
6. Fluorescent Antibody Test (FAT) for Rabies Examination	80
7. GROSS PATHOLOGY/NECROPSY	82
8. HEMAGGLUTINATION-HEMAGGLUTINATION-INHIBITION TEST FOR NEW CASTLE DISEASE (HA-HI- ND)	85
9. Rapid Plate Test (RPT) Brucella, Pullorum & Mycoplasma	87
10. Simple Bacterial Isolation, Water Analysis and Antibiotic Sensitivity Test	89
11. African Swine Fever Virus RNA Extraction and Detection by Real- time PCR (Polymerase Chain Reaction)	92
12. Insect Identification	94
13. Disease Identification	96
14. Disease Diagnosis (Laboratory Analysis)	97
15. Provision of Biological Control Agent	98
16. Aflatoxin Analysis	100
17. Ash Content Analysis	103
18. Calcium Content Analysis	106
19. Crude Fat Analysis	109
20. Crude Fiber Analysis	111
21. Crude Protein Analysis	114
22. Moisture Content Analysis	117
23. Phosphorus Content Analysis	119
24. Salt (as Sodium Chloride) Content Analysis	123
25. Plant Tissue Analysis	126
26. Refill of Soil Test Kit	128
27. Soil Analysis using Soil Test Kit	129
28. Soil Chemical Analysis	131
29. Soil Physical Analysis	133
30. Water Analysis	135

Research Services

Satellite Facilities	139
1. Provision of Quality Seeds and Planting Materials for free	141
2. Provision of Quality Seeds and Planting Materials for sale	148
3. Provision of Quality Mushroom Spawn and Pure Culture	153
4. Provision of Technical Assistance	155
5. Provision of Trainings	158
6. Provision of Service of Rice Combine Harvester	160
7. Provision of Service of Rice Combine Harvester	163
8. Provision of Quality Breeder Stocks for sale	165

9. Provision of Goat, Native Pig, Native Chicken and Mallard Duck for Sale	169
10. Provision of Services of the Station/ Center Facilities (Training Center, Dormitories, Farmers Hall, Post-Harvest Facilities, Etc.)	172
11. Acceptance of Work Immersion and OJTs from Educational Institutions	176
12. Provision on Technical Assistance on Lakbay Aral Delegates/Participants	179
13. Provision of Artificial Insemination (AI) Services on Pigs	182
14. Provision on Technical Assistance on Biogas Installation	184
15. Native Pig Dispersal	187

Field Operations Services

1. Provision of Rice Seeds under National Rice Program and Rice Resiliency Project for Free	190
2. Provision of Corn Seeds under Regional Corn Program for free	193
3. Provision of Corn Seeds intended for Techno Demo and Model Farm under Regional Corn Program for free	196
4. Provision of Postharvest Agricultural Machineries and Equipment for Corn and Cassava	198
5. Provision of quality planting materials under High Value Crops Development Program (HVCDP) Support Services for free	199
6. Provision of quality planting materials intended for Techno Demo and Commercial Scale Plantation under High Value Crops Development Program (HVCDP) Support Services for free	202
7. Provision of quality vegetable seeds under High Value Crops Development Program (HVCDP) Support Services for free	204
8. Provision/Distribution of Drugs, Biologics and Supplements under Livestock and Poultry Program for free	207
9. Provision/Distribution of Drugs, Biologics and Supplements for PLGUS/MLGUS under Livestock and Poultry Program for free	211
10. Provision/Sales of LN2 and Breeder/Animal Stocks	213
11. Provision/Distribution of Forages (Seeds and Planting Materials) for free	216
12. Provision of Semen for Artificial Insemination and Estrous Synchronization under Livestock and Poultry Program	220
13. Implementation of Egg-Skolar Project	221
14. Provision of Livelihood Enterprise Module	227
15. Provision of Techno-Livelihood Trainings for free	230

- | | |
|--|-----|
| 16. Registration of Farmers to the Registry System for Basic Sectors in Agriculture (RSBSA) through the National Farmers and Fisherfolk Information System (NFFIS) | 233 |

INTEGRATED LABORATORIES SERVICES

(External Services)

REGIONAL ANIMAL DISEASE DIAGNOSTIC LABORATORY (RADDL)

Service Information:

The Regional Animal Disease Diagnostic Laboratory (RADDL) is mandated to:

1. Monitor the incidence and prevalence of infections/notifiable disease present as well as newly introduced diseases and parasites in the different provinces region wide;
2. Control and eradicate animal diseases and parasites through the use of laboratory diagnostic procedures;
3. Offer livestock farmers effective services for diagnostic bacterial, viral, and parasitic disease as well as nutritional deficiencies and other related conditions; and
4. Provide technical assistance on any aspect of animal health necessary for the implementation of control and prophylactic measures for animal protection.

1. Blood Parasite Examination

This test is used in the detection of blood parasites in peripheral blood smear of animals.

Office or Division	REGIONAL ANIMAL DISEASE DIAGNOSTIC LABORATORY

	3.2 Dissection of Dog's head		1 hour per sample	
	3.3 Process brain tissue		1 hour per sample	
	3.4 Tissue fixation		18 hours	
	3.5 Test Rabies sample		2 hours	
	3.6 Record and Encode result	None	10 minutes	Encoder
	3.7 Validate/Sign Official Laboratory Report/s	None	15 minutes	Laboratory Analyst/Laboratory Head
4. Fill up CSF form	4. Issue Lab. Result		5 minutes	Receiving/releasing clerk
	TOTAL	None	1 day, 10 hours & 15	

			minutes per sample	
--	--	--	---------------------------	--

7. GROSS PATHOLOGY/NECROPSY

This test is a systematic examination of an animal carcass aimed to search for lesions. It is an important diagnostic tool and supports other procedures performed in the diagnosis of disease cases in a herd or flock. The examination of dead or terminally ill animals offers opportunities in studying the processes involved in disease situations.

Office or Division		REGIONAL ANIMAL DISEASE DIAGNOSTIC LABORATORY		
Classification:		Complex		
Type of Transaction		G2G/G2C/G2B- Government to Government/Government to Citizen/Government to Business entity

8. HEMAGGLUTINATION-HEMAGGLUTINATION-INHIBITION TEST FOR NEW CASTLE DISEASE (HA-HI- ND)

New Castle Disease Virus causes hemagglutination of red blood cells. This property is used to detect the presence of hemagglutinating viruses in virological samples. It is also used as an indicator of the absence/presence of antibodies to such viruses in serum samples

	TOTAL	P300.00/sample	5 hours & 10 minutes per sample	

9. Rapid Plate Test (RPT) Brucella, Pullorum & Mycoplasma

The Rose Bengal Test or Stained Buffered Acidified Antigen permits the serological diagnosis of brucellosis (*Brucella melitensis*, *abortus* and *suis*) by rapid slide agglutination. It is one of the easiest methods to implement and the most widely used for identifying Brucellosis antibodies in sera.

Serum plate agglutination test (SPA) or Rapid Plate Test (RPT) is used as one of the serological tests for the diagnosis of *Salmonella pullorum*, *Mycoplasma gallisepticum* and *synoviae* antibodies.

3. Submit letter request (can be done online and send thru email add rcpc5@gmail.com)	2. Receive/ download letter request	None	2 minutes	Office of the Day
	2.1 Forward letter request to the In-charge of Lab. for evaluation	None	2 minutes	Technical Staff
	2.2 Evaluate/ approve request then instruct concerned staff to prepare the requested biological control agent	None	5 minutes	Chief, RCPC

	2.3 Inform the client by phone/email on the scheduled date of release	None	5 minutes	In-Charge of Biocon Lab./Tech Staff
	2.4 Preparation of biological control agent for release	None	15 minutes	In-charge of Biocon Lab./Tech. Staff
3.Fill up CSF & RIS	3.Provide RIS and CSF	None	2 minutes	Technical Staff
	3.1 Sign RIS	None	2 minutes	Chief RCPC/In-Charge of Biocon Lab.
4. Receive Biological Control Agent	4. Release Biological Control Agents	None	2 minutes	Technical Staff
TOTAL		None	37 minutes	

REGIONAL FEED CHEMICAL ANALYSIS LABORATORY (RFCAL)

CITIZEN'S CHARTER

Service Information: Regional Feed Chemical Analysis Laboratory (RFCAL) conducts routine chemical analysis on the nutrients of common animal feeds and feed ingredients as input data in the development of feed formula for the various groups of livestock and poultry; conducts special routine chemical analysis of commercial feeds and feedstuff as pre-requisite for registration as mandated by law and collaborates with the research division of the Department of Agriculture Region 5 in the chemical evaluation of non-traditional feed ingredients.

Specifically, RFCAL conducts a variety of routine chemical analysis such as protein, fiber, fat, ash and moisture content for determining the nutritive value of feeds collected by Regional Feed Collectors/ Inspectors (also known as Provincial Agriculture, Fisheries and Veterinary Drugs and Biologics Control Officers, PAFVDABCOs) and feeds submitted directly to RFCAL by walk-in clients; conducts a variety of highly specialized chemical analysis in determining trace minerals such as Chloride ions, Calcium and Phosphorus contents of animal feeds and feedstuff; conducts Aflatoxin analysis for feed ingredients and formulation in support to local government units and the corn program of the agency; and provides assistance and technical advice on the evaluation of the detailed nutritional value of feeds for specific classes of livestock and poultry.

16. Aflatoxin Analysis: Determination of aflatoxin contamination in feed mixes and feed ingredients by ELISA-Veratox Method

Determination of aflatoxin contamination in feed mixes and feed ingredients by ELISA-Veratox Method

Classification	Complex	
Type of Transaction	G2G/G2C/G2B- Government to Government/Government to Citizen/Government to Business entity	
Who may avail	Entrepreneurs, Feed Millers, Feed Ingredient Suppliers, Researchers, Feed Retailers, Students and Farmers (Livestock and Poultry Raisers)	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
<ul style="list-style-type: none"> Feed Sample: <p>Must have complete information and data.</p> <p>Must have the following sample size:</p> <p>For solid sample: must not be less than 100g and must be finely ground</p> <p>For heterogeneous sample: must not be less than 100g and must be made blended</p>		Client
<ul style="list-style-type: none"> Analysis Request Form Order of Payment Client Satisfaction Feedback Form 		Regional Feed Chemical Analysis Laboratory
<ul style="list-style-type: none"> Official Receipt 		Regional Animal Disease Diagnostic Laboratory
<p>Note:</p> <p>Analysis is free of charge for samples brought in by deputized Provincial Animal Feeds and Veterinary Drugs and Biologics Control Officer (PAFVDABCO) of the Livestock Inspector/Collectors, samples from Research Division</p>		

and corn samples from Corn Program of the Department of Agriculture Regional Office Field No. 5 and farmer beneficiaries of LGU's. Otherwise, <i>all requested analysis for samples brought in by clients indicated above are charged with corresponding fees.</i>				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE
1. Submit sample and fill up analysis request form	1. Discuss with the officer of the day regarding the sample to be submitted. 1.1 Prepare order of payment	None	10 minutes	Receiving Officer/ Officer of the Day
2. Bring order of payment form to the Collecting Officer and pay corresponding laboratory fee	2. Issue Official Receipt	P216.00	5 minutes	Collecting Officer
3. Return on the scheduled date for release of report of analysis (ROA)	3. Receive samples and order of payment with Official Receipt Number.	None	5 minutes	Receiving Officer/ Officer of the Day
	3.1 Assign sample code and prepare sample for crude fat analysis	None	1 hour	
	3.2 Prepare chemical and laboratory materials for crude fat analysis	None	2 hours	Chemist/ Laboratory Analyst
	3.3 Analyze for crude fat content		3 days	

	3.4 Record and check result of analysis		10 minutes	
	3.5 Encode report of analysis		10 minutes	
	3.6 Validate and sign Report of Analysis	None	10 minutes	Chemist/ Laboratory Head
4. Present Official Receipt and claim/receive Report of Analysis. Sign the duplicate receiving copy of Report of Analysis and logbook of released reports	4. Issue Report of Analysis	None	10 minutes	Releasing Officer/ Officer of the Day
5. Fill up Client Satisfaction Feedback Form (CSF).	5. Collect Filled-up Client Satisfaction Form	None	5 minutes	Releasing Officer/ Officer of the Day
TOTAL		P216.00	3 days, 4 hours, 5 minutes	

20. Crude Fiber Analysis: Determination of crude fiber content in feed mixes and feed ingredients by Gravimetric Method

Determination of crude fiber content in feed mixes and feed ingredients by Gravimetric Method.

Office or Division	REGIONAL FEED CHEMICAL ANALYSIS LABORATORY/Integrated Laboratories Division
Classification	Complex
Type of Transaction	G2G/G2C/G2B- Government to Government/Government to Citizen/Government to Business entity
Who may avail	Entrepreneurs, Feed Millers, Feed Ingredient Suppliers, Researchers, Feed Retailers, Students and Farmers (Livestock and Poultry Raisers)

25. Plant Tissue Analysis

Plant tissue analysis are conducted in order to determine the nutrient take up of plants.

Office or Division	Integrated Laboratories Division-Regional Soils Laboratory			
Classification	Highly Technical			
Type of Transaction	G2C – Government to Citizen G2G – Government to Government			
Who may avail	Individual Farmers, LGU's, NGO's, PO's, other NGA, students and researcher			
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE		
A minimum of 15-25 plants should be sampled (following the standard procedure for collecting plant tissue sample) and must have complete information/ data (as reflected in the Customer Information Form) and properly collected and labelled.		Client		
Customer Information Form, see figure 1 below.		Regional Soils Laboratory Receiving Unit		
Official Receipt		Department of Regional Field Office 5 – Cashiers Office		
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE
1. Sign in the client Log book in the Guard house	1. Present the Log Book	None	2 minutes	Officer of the day
2. Submit samples for analysis and fill up Customer Information Form.	2.Receive samples and interview the client(s) then input the information into Analysis Request Form	None	15 minutes	Receiving Officer
3. Secure Order of Payment Form as proof of billing.	3. Issue Order of Payment as proof of billing.	pH = P 50.00 / sample Electrical Conduct	5 minutes	Receiving Officer

		ivity = P 100.00 / sample Total Nitrogen = P 200.00 / sample		
	4. Conduct of plant tissue analysis. 4.1 Encode and sign the Report of Analysis. 4.2 Review and sign the Report of Analysis.	None None	10 days	Laboratory Analyst / Chemical Technician Laboratory Head
4. Claim the Report of Analysis. 4.1 On the date of return present the Official Receipt 4.2 Fill up Client Satisfaction Feedback Form (CSF) and sign at the Lab Test Result Releasing Logbook.	5. Release the Report of Analysis 5.1 Record O.R. number and issue Report of Analysis. 5.2 Collect filled-up CSF	None	15 minutes	Releasing Officer
TOTAL		350.00 / sample	10 days and 37 minutes	

*Note: Removed the first column entry "Return on the scheduled date for the release of Laboratory Test Result." parallel to 4th step in Column 2.

26. Refilling of Soil Test Kit (STK)

Soil test Kits distributed to LGU's, SUC's, NGO's and other clients are being refilled with the reagents prepared in the laboratory

Office or Division	Integrated Laboratories Division-Regional Soils Laboratory			
Classification	Simple			
Type of Transaction	G2C – Government to Citizen G2G – Government to Government			
Who may avail	Individual Farmers, LGU's, NGO's, PO's, other NGA, students and researcher			
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE		
Soil Test Kit (STK)		Client		
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE
1. Sign in the client Log book in the Office Lobby	1. Present the Log Book	None	2 minutes	Officer of the day
2. Present the STK to be refilled	2. Receive the Soil Test Kit	None	15 minutes	Receiving Officer
3. While awaiting the refilling, the customer may answer the STK survey form	3. Refill the Soil Test Kit with the corresponding reagents	None	1 hour	aw
4. Claim the Refilled Soil Test Kit	4. Release the Soil Test Kit.	None	15 minutes	Releasing Officer
4.1 Fill up Client Satisfaction Feedback Form (CSF) and sign at Soil Test Kit (STK) Refilled Logbook.	4.1 Collect filled-up CSF and STK survey form			
TOTAL		None	1 hour and 32 minutes	

27. Soil Analysis using Soil Test Kit (STK)

A qualitative test to determine the level of Nitrogen, Phosphorus, and Potassium including pH of soil as basis for the fertilizer recommendation to be used in the farm.

Office or Division	Integrated Laboratories Division-Regional Soils Laboratory			
Classification	Complex			
Type of Transaction	G2C – Government to Citizen G2G – Government to Government			
Who may avail	Individual Farmers, LGU's, NGO's, PO's, other NGA, students and researcher			
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE		
Soil sample must be 250 to 500 grams (air dried / pulverized) with complete information/ data and properly collected and labelled.		Land Area of the Client		
Customer Information Form, see figure 1 below.		Regional Soils Laboratory Receiving Unit		
Official Receipt		Department of Regional Field Office 5 – Cashiers Office		
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE
1. Sign in the client Log book in the Office Lobby	1. Present the Log Book	None	2 minutes	Officer of the day
2. Submit samples for analysis and fill up Customer Information Form.	2. Receive samples and interview the client(s) then input the information into Analysis Request Form	None	15 minutes	Receiving Officer
3. Secure Order of Payment Form as proof of billing.	3. Issue Order of Payment as proof of billing indicating also the date of return.	P100 / sample	5 minutes	Receiving Officer
	4. Conduct of soil analysis using STK;	None	5 days	Laboratory Analyst / Chemical Technician /

	4.1 Encode and sign Report of Analysis			
	4.2 Review and sign the Report of Analysis	None		Laboratory Head
<p>4.Claim the Report of Analysis.</p> <p>4.1 On the date of return present the Official Receipt</p> <p>4.2 Fill up Client Satisfaction Feedback Form (CSF) and sign at the Lab Test Result Releasing Logbook.</p>	<p>5. Release the Report of Analysis</p> <p>5.1 Record O.R. number and issue Report of Analysis.</p> <p>5.2 Collect filled-up CSF</p>	None	15 minutes	Releasing Officer
TOTAL		P100/sample	5 days and 37 minutes	

*Note: Removed the first column entry "Return on the scheduled date for the release of Laboratory Test Result." parallel to 4th step in Column 2.

28. Soil Chemical Analysis

Soil Chemical Analysis are being conducted in the laboratory to determine the nutrients available in the soil as basis for the level of fertility including deficiencies for proper soil management to be applied.

Office or Division	Integrated Laboratories Division-Regional Soils Laboratory			
Classification	Highly Technical			
Type of Transaction	G2C – Government to Citizen G2G – Government to Government			
Who may avail	Individual Farmers, LGU's, NGO's, PO's, other NGA, students and researcher			
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE

1. Provision of Quality Seeds and Planting Materials for free

A. Tissue cultured taro, banana, pineapple and orchids

The Plant Tissue Culture Laboratory produces plantlets for distribution to interested clientele for purpose of backyard production and techno demo. Walk-in-client can avail five (5) pieces of various types of tissue cultured planting materials such as banana, taro, pineapple and orchids. Clients with Memorandum of Agreement (MOA) can avail up to 300 pcs depending on availability.

B. Herbs and spices

Herbs and spices are being propagated under the Research Division to ensure availability of planting materials to interested clients. The available planting materials for distribution are garlic chives, roselle, curry, mints, basil, insulin plant, oregano and many others. Five (5) pieces of each type can be provided to walk-in-clients while those clients with approved letter can avail up to 20 pieces depending on the availability of the requested plants.

C. Sexually and Asexually propagated Pili seedling

Quality planting materials of Pili (seedlings and grafted) are being produced and distributed by five (5) Stations/ Centers in the Bicol Region under the Research Division. These planting materials can be requested from Catanduanes Hilly Upland Development Station (CHUDS), Camarines Norte Lowland Rainfed Research Station (CNLRRS), Central Bicol Experiment Station (CBES), Albay Research Development Center-Albay Experimental Station (ARDC-AES) and Masbate Center for Livestock Development (MCLD). Interested walk-in-clientele may avail five (5) pieces of pili while clients with approved letter request can avail the requested quantity depending on the availability of planting materials and farm/lot size.

D. Cacao seedlings

Research Outreach Stations such as Albay Research Development Center-Albay Experiment Station (ARDC-AES) Catanduanes Hilly Upland Development Station (CHUDS), Camarines Norte Lowland Rainfed Research Station (CNLRRS) and Masbate Center for Livestock Development (MCLD) produces quality cacao seedlings for backyard production and techno demo. Interested walk-in-client may avail five (5) pieces of planting materials and for clients with approved letter request,

can avail the requested quantity depending on the availability of planting materials and farm/lot size.

E. Other fruit bearing trees such as guyabano, santol, pomelo, etc.

ARDC-AES, CHUDS, CBES, CNLRRS provides fruit bearing trees such as guyabano, santol, pomelo, etc. to any interested clientele. Walk-in-clientele can avail of five (5) pieces of planting materials.

F. Root crops such as cassava and sweet potato

The Albay Research and Development Center (ARDC), Albay Experiment Station produces and distributes sweet potato cuttings and cassava stalk for backyard planting and techno demo purposes. Interested clients with approved letter request can avail up to 30,000 cuttings/ha and 20 bundles/100 stalks of cassava stalks/ha. For walk-in-client, 300 cutting of sweet potato and 100 stalks of cassava can be availed.

G. Corn

The Albay Research and Development Center-Albay Experiment Station (ARDC-AES) located at Mayon Crossing, Buang, Tabaco, Albay produces open pollinated variety (OPV) white corn seeds that can be availed by the interested clientele with approved letter request. The station can provide 1 bag per individual of corn seeds at 20kg/bag to the farmer organization depending on availability of seeds.

H. Pineapple sucker

Camarines Norte Lowland Rainfed Research Station (CNLRRS) located at Calasgasan, Daet, Camarines Norte provides 1000 pieces of pineapple suckers as starter for small scale pineapple grower which can be planted in 0.0303 m² area.

I. Vegetable seeds

Vegetable seeds of various kinds depending on the crop produced by the Central Bicol Experiment Station (CBES) are distributed to interested clients (50 grams for big seeded and 25 grams for small seeded).

J. Legumes, improved grasses and forages

Albay Research and Development Center-Albay Breeding Station (ARDC-ABS) at Cabangan, Camalig, Albay provides legumes of about 2-3 kilos/ha and 50kg forage grasses enough to plant 0.5-hectare pasture area to interested clients.

D.	Fill-out the RIV & RIS Form provided	Assist client accomplishing RIV and RIS form	none	10 minutes	In charge of seeds/planting materials
E.	Wait for the approval of RIV and RIS	Assist the client in facilitating and processing of the approval of RIV & RIS Form	None	20 minutes	In charge of seeds/planting materials
F.	Present the approved RIV & RIS	Receive the approved RIV & RIS and prepare the requested seeds/planting materials	None	3 minutes	In charge of seeds/planting materials
G.	Received the planting material(s), sign the "Receive d" portion of	Release the planting materials	None	5 minutes	In charge of seeds/planting materials

	the RIV & RIS				
H.	Fill-out the Client Satisfactoriness Form (CSF) and submit to the office staff	Receive the CSF with complete details and give the photocopy of approved RIV & RIS and gate pass	None	5 minutes	In charge of seeds/planting materials
I.	Present the photocopy of RIV, RIS and gate pass to the guard on duty upon exiting the premises	Receive the copy of RIV & RIS and gate pass form and record	none	3 minutes	Guard on duty
Total		1 hr& 2 mins			

2. Provision of Quality Seeds and Planting Materials for sale

A. Asexually and sexually propagated fruit bearing trees

Five (5) research station such as CHUDS, CNLRRS, ARDC-AES, MCLD MBS and CBES produces and sell quality fruit bearing trees of various kinds such as pomelo, pili, guyabano, santol and cacao, etc. with varying price depending on variety (see price list).

B. Root crops such cassava and sweet potato

The Albay Research and Development Center-Albay Experimental Station (ARDC-AES) produces quality planting materials such as cassava stalk and sweet potato. It can be sold at Php 5.00/stalk and 0.50 cents/cutting respectively.

C. Vegetable seeds

The Central Bicol Experiment Station (CBES) located at San Agustin Pili, Camarines Sur produces and sell small and big seeded vegetable seeds. Small seeded like eggplant, mustard, sweet and hot pepper, petchay, radish, tomato, etc. and big seeded like ampalaya, squash, patola, okra, sitao, etc. with varying prices (see price list).

D. Legumes and improved grasses

The Albay Research and Development Center-Albay Breeding Station (ARDC-ABS) produces and sells legumes and improved grasses at Php 70.00/sack respectively.

E. Registered and Certified Rice (During this pandemic, no more seeds available)

Central Bicol Experiment Station (CBES) produces registered and certified rice seeds and sell at Php 1,840.00 and Php 1,520.00 per bag (40 kgs) respectively.

B.	Fill-up Order Slip Form	Assist the client in accomplishing the order slip form and refer to cahier for payment	None	5 minutes	Mushroom production-In-charge
C.	Pay to the Cashier	Issue official receipt	P75.00/bag of spawn & P150.00/ Pure culture	10 minutes	Cashier/ Alternate cashier
D.	Present the official receipt to the in-charge of laborator y and get the quality mushroo m spawn and pure culture	Check official receipt and release the quality mushroom spawn and pure culture.	None	5 minutes	Mushroom production-In-charge
		Total		25 minutes	

4. Provision of Technical Assistance

The division and respective Centers/ Stations provide technical assistance in the form of lecture, hands on demo and consultation to requesting clientele (provided that protocols in compliance with CoViD prevention are implemented) such as students, researcher, farmers, entrepreneur and LGU's. Topics offered by Research Division and centers/ stations are the following;

Albay Research and Development Center-Albay Breeding Station:

- A. Artificial insemination (AI) services on Commercial pigs
- B. Organic native pig production ang management
- C. Commercial Pig Production and Management
- D. Basic animal husbandry
- E. Organic native chicken production and management
- F. Biogas installation, technology and waste management
- G. Mallard duck production

Albay Research and Development Center-Albay Experimental Station:

- A. Pili, cacao and root crops production (*Sweet Potato, Cassava and Gabi*)

Masbate Center for Livestock Development-Regional Carabao Breeding Center:

- A. Small Ruminant Production
- B. Forage and Pasture

Sorsogon Dairy Production and Technology Center

- A. Artificial Insemination for large animals
- B. Forage and pasture
- C. Dairy Cattle production
- D. Dairy milk production

Research Division:

- A. Corn, cassava, herbs & spices, traditional corn, cacao, banana, urban gardening, livestock, poultry and mushroom production

		Total		25 minutes	

(NO face to face trainings during pandemic)

5. Provision of Trainings

A. Basic dairy husbandry

The Regional Dairy Production and Technology Center (RDPTC) at Cabid-an, Sorsogon City provides training on basic dairy husbandry. The training is free, except for the accommodation at the rate of Php 500.00/head/month. The trainee will stay in the center for one month for the lecture and actual application/hand-on activities to familiarize and gain ample knowledge on dairy production. Certificate will be provided to trainees who complete the required number of days. (During this pandemic, limited number of interested clientele will be accepted).

Office or Division:	Regional Dairy Production and Technology Center (RDPTC)			
Classification:	Highly Technical			
Type of Transaction:	G2C - Government to Citizen G2G - Government to Government			
Who may avail:	MGO,LGU, NGO, farmer's organization/association, schools, researchers, lime agencies

	to be requested				
B.	Prepare letter request addressed to Center Chief	Center Chief receives and records the letter request and forwards to the heavy equipment operator	None	5 minutes	Center Chief
C.	Follow up request	Confirms the availability of harvester on a given schedule Records and reserves the harvester	None	5 minutes	Heavy Equipment Operator
D.	Fill out CSF Form	Assist client in accomplishing CSF	None	5 minutes	Heavy Equipment Operator
Total				30 minutes	

8. Provision of Quality Breeder Stocks for sale

A. Pigs

The ARDC-ABS located at Cabangan, Camalig, Albay provides quality breeder stocks of swine to any interested clientele at Php 2,500 for the first 10 kilos and Php 100.00 for succeeding kilos. For Fatteners at Php 200 for the first 10 kilos and Php 100 for succeeding kilos.

B. Buck and Does

MCLD-ABS and RDPTC offer quality breeder stock of bucks and does to interested clients. Prices of breeder stocks are indicated below;

- A. Purebred Buck and Does – Minimum price of p15,000 and an additional of P1,000 to the minimum price for every 6 months incremental in age beyond 12 months up to a maximum of 36 months.
- B. Bucks and Does 87.5% bloodline – Minimum price of P12, 000 and an additional of P700 to the minimum price for every 6 months incremental in age beyond 12 months up to a maximum of 36 months.
- C. Bucks and Does 75% bloodline – Minimum price of P10,000 and an additional of P500 to the minimum price for every 6 months incremental in age beyond 12 months up to a maximum of 36 months.
- D. Bucks and Does 50% bloodline – Minimum price of P5,000 and an additional of P500 to the minimum price for every 6 months incremental in age beyond 12 months up to a maximum of 36 months.
- E. Bucks and Does without pedigree – Minimum price of P2,000 and an additional of p100 to the minimum price for every 6 months incremental in age beyond 12 months up to a maximum of 36 months.

2. Provision of Corn Seeds under Regional Corn Program for free

Corn Program focuses on the productivity of Farm Clusters in major corn producing provinces/ areas in Bicol Region to achieve self-sufficiency in feed crops (yellow and white corn); to sustain the growing demand of the livestock and poultry sub-sectors and help stabilize prices in our local market. It also promotes the production and consumption of white corn as staple and to ensure steady supply of white corn grains and expand the market for high quality white corn grits to help ease the pressure on rice demand.

GUIDELINES ON THE IMPLEMENTATION OF EGG-SKOLAR PROJECT

I. SCOPE

These guidelines shall govern Livelihood Assistance Program of the National Livestock Program for families of college students who are taking up agriculture, animal science, and veterinary medicine courses, or otherwise known as the “EGG-SKOLAR PROJECT”. The project will involve distribution of layer stocks, animal zoological supplies, and cages to beneficiary families that will be a source of additional livelihood for them and support the studies of their students.

II. OBJECTIVES

The objective of these guidelines is to ensure the effective, just delivery and implementation of the Egg-Skolar Project. The project will aim to provide additional source of income to families with college students who are taking up agriculture-related courses through egg production enterprise.

III. DEFINITION OF TERMS

As used in this Order, the following terms, words, and phrases shall be construed as:

- Animal Contract- It is a contract being entered into by beneficiaries and RFOs before the release of animals for distribution. This contract contain terms and conditions on the

responsibilities of both parties

- Animal Zoological Supplies- This refers to feeds and drugs and biologics necessary for feeding and maintenance of healthy animals
- Layer Chicken- Chicken breeds that are intended for egg production.
- Local Government Units- This includes provincial, city, municipality and barangay government units that are eligible to request for animal distribution
- Business Plan- A simple set of plans that contain desired farm production targets and income projection with accompanying activities and production expense requirements
- Validation- Confirmation through the provision of objective evidence through on-site observation/evaluation, interview, review of records, and other necessary means to attain the purpose.

IV. BENEFICIARIES EVALUATION AND QUALIFICATION

The beneficiaries of this intervention shall be families of college students who are currently taking-up agriculture, animal science, and veterinary medicine courses in State Universities and Colleges. The project information will be disseminated to SUCs in every region for awareness.

Applicant students/families must send a letter of request to the Regional Field Office together with the following requirements:

- Proof of enrolment (Student ID and admission/enrolment form)
- Certificate of indigency from the barangay of residence
- Endorsement of the Municipal/ City Agriculturist/Veterinarian

Upon receipt of request, the RFO shall conduct validation and technical evaluation to assess their capability.

The following criteria shall be considered in validating qualified beneficiaries:

1. Basic Identification and verification of requirements submitted
2. Readiness of proposed area where layer production will be situated
3. Business plan

Applicants, after expressing requests thru letter, and having been considered for evaluation, should suffice the criteria upon validation. Failure to do so will halt the processing of the project. Only then when the applicant completes the requirements prescribed herein, will they be recommended for approval. The recommendation of applicants shall be on a first come, first serve basis. Since the resources are limited, priority will be given to those applicants who comply first.

The validation team shall be composed of personnel from the livestock program and Agricultural Programs Coordinating Officers (APCOs). The participation of the City/Municipal Veterinary Office (CVO, MVO), Office of the Municipal Agriculturist (OMA/MA), and Municipal Livestock Coordinator (MLC) in the locality concerned will also be enjoined. The team, basing on the evaluation conducted, shall make recommendation to the Regional Executive Director for the approval of the request.

V. PROJECT COMPONENTS

Each recipient shall receive an Egg-Skolar Package that shall be composed of the following:

- Layer Chickens: Minimum of 100 heads
- Layer Cages
- Animal Zoological Supplies (Starting feeds and drugs and biologics)

Necessary quarantine protocols prescribed by the Bureau of Animal Industry shall be followed in animal transport and transfer to obviate communicable diseases from the animals.

VI. RESPONSIBILITIES OF PARTIES

An animal contract shall be undertaken between DA RFO and the beneficiaries before the delivery of interventions. The contract shall contain the terms and conditions on the distribution and responsibilities of both parties.

Responsibilities of the Beneficiaries:

- Provide basic needs of animals such as additional housing, nutrition, health, good management, and ensure observance of animal welfare

Responsibilities of the DA RFOs:

- Provide technical guidance by giving basic information on raising the specific commodity through IEC provision and training
- Monitor the beneficiaries thru the help of the personnel from the livestock program, PVET, APCOs, CVET, MAO/MA, MLC

Penalty Provisions:

- If the beneficiaries fail to perform their responsibilities and is found to be incapable of sustaining production, the DA RFO can retrieve the animal stocks and be rehabilitated in stations or be transferred to other qualified recipients;
- Should there be any misinterpretation, false information, and any act prejudicial to any of the parties in the agreement, corrective measures should be undertaken and sanctions could be imposed against the erring party;
- In case of mortality, death certificate signed by the barangay chairman and necropsy report duly signed by a licensed veterinarian.

VII. SUSTAINABILITY, MONITORING AND EVALUATION

DA shall conduct periodic monitoring and evaluation of the animals delivered. They will work in close coordination with LGUs and Agriculture and Fishery Council to assist the beneficiaries in their technical and other related needs in maintaining health and productivity of their animals.

VIII. PROVISION OF SUPPLEMENTAL GUIDELINES

In the interest of proper implementation to address the needs of specific regions, RFOs may formulate supplemental guidelines to be approved by the Regional Executive Director.

IX. EFFECTIVITY

This Memorandum Order shall take effect immediately upon signing and shall be valid unless revoked and superseded by future issuances.

Answer questions or clarifications	<p>Review documents submitted by the LGUs.</p> <p>Upon confirming completeness and validity of documents, the DA RFOs will conduct evaluation of recipients;</p> <p>The DA RFOs will approve the beneficiaries based on the accomplishment targets corresponding to fund allocation under the present project;</p> <p>Upon confirmation of the qualifications and selection, the DA-RFOs will proceed with the implementation of the project;</p> <p>The list of Selected Beneficiary groups and the members shall be sent to the Assistant Secretary for Livestock for information.</p> <p>Schedule delivery date and prepare IR, MR, MOA</p>	None	2 days	Livestock Technical Personnel

Walk-in Clients <ul style="list-style-type: none"> ✓ Proceed to Malasakit Help Desk and conform with the existing health protocols ✓ Register in the Visitors Logbook ✓ Inquire information about the training program of interest and/or schedule of trainings ✓ Accomplish the participant's information sheet B. With Letter of Intent <ol style="list-style-type: none"> 1. For Rural Based Organizations (RBOs), Cooperatives, Associations and Local Government Units <ul style="list-style-type: none"> ✓ Letter request ✓ Fill-out Client Satisfaction Feedback (CSF) form 	<p>Officer of the Day</p> <p>Officer of the Day FOD - Institutional Development Unit (IDU)</p> <p>FOD - Institutional Development Unit (IDU)</p> <p>Clients FOD - Institutional Development Unit (IDU)</p>

If for walk-in clients

CLIENT STEPS	AGENCY ACTION	FEES TO PAID	PROCESSING TIME	PERSON RESPONSIBLE
Sign in log book at the Malasakit Help Desk	Assisted by the Officer of the Day	None	5 minutes	Officer of the day
Will be accompanied to the FOD Malasakit Help Desk Answer questions or clarifications	Interview the client re: name, address, needed trainings and other necessary information	None	10 minutes	IDU/Banner Program Technical Staff
Accomplish the participant's information sheet	Inform the client of the training details and schedule	None	10 minutes	IDU/Banner Program Technical Staff
Attend the training Conform with the health and safety standards (i.e. wearing mask, physical distancing, proper hand hygiene and submission of Health Declaration Form)	Facilitate and provide necessary learning materials, starter kits if applicable Provide briefing and information on Covid-19 and the safety measures being implemented during the training Provide alcohol-based hand rub, tissue, disposable gloves and closed bins for disposal in the venue	None	1-2 days	IDU Technical Staff/Secretariat
Fill-out Client Satisfaction Feedback Form	Release Certificate of Training/Appearance	None	10 minutes	IDU Technical Staff/Secretariat
END OF TRANSACTION				

If for Rural Based Organizations (RBOs), Cooperatives, Associations and Local Government Units

CLIENT STEPS	AGENCY ACTION	FEES TO PAID	PROCESSING TIME	PERSON RESPONSIBLE
Submit letter request to the Officer of the Day	Receive letter request and submit to the records Unit to be forwarded to the Office of the Regional Executive Director –RED will refer the request to the Field Operations Division	None	10 minutes	Officer of the Day/ Records Unit/ORED Staff
Will be accompanied to the Field Operations Division Accomplish Participant's Profile Form Answer questions or clarifications	Interview the client re: training needs and other necessary information Checks the application form if accomplished properly Advise the client of the training details and schedule If for RBOs, Cooperatives, Associations, AEWs/LFTs/LGUs, confer with the group as to the training requested and details. If approved, proceed to the next step	None	15 minutes	IDU/Banner Program Technical Staff
Provide complete list/details of the participants	Prepare the Activity Proposal and other documents necessary and schedule of training	None	2 days	IDU Technical Staff
Attend the training and fill-out participant's profile form	Facilitate and provide necessary learning materials, starter kits if applicable	None	1 day	IDU Technical Staff
Fill-out Client Satisfaction Feedback Form	Release Certificate of Training/Appearance	None	10 minutes	IDU Technical Staff
END OF TRANSACTION				

16. Registration of Farmers to the Registry System for Basic Sectors in Agriculture (RSBSA) through the National Farmers and Fisherfolk Information System (NFFIS)

The Registry System for Basic Sectors in Agriculture (RSBSA) is an electronic compilation of basic information on farmers, farm laborers and fishermen, the target beneficiaries of agriculture-related programs and services.

The establishment of an updated database envisions a manageable access to baseline agricultural information by government stakeholders. Through this system, government planners and policymakers could formulate strategies, programs and projects to increase the productivity of the agriculture and fishery sector

Office or Division	Field Operations Division – Special Concern Unit
Classification	Simple
Type of Transaction	G2G – Government to Government
Who may Avail	<p>All Local Government Units are entitled to update the list of farmers in the RSBSA of their respective municipalities.</p> <p>The MAOs/CAOs shall assist in the filling up of forms to any farmer, farm laborer/worker and/or fisherfolk/fishery operator/fishworker who are:</p> <ol style="list-style-type: none"> Filipino citizen; At least eighteen (18) years old at the time of registration consistent with RA 9231 (An Act providing for the elimination of the worst forms of child labor and affording stronger protection for the working child...); and Farmers, farm laborers/workers and/or fisherfolk/fishery operators/fishworkers as defined in Section 6 of this RSBSA Updating Guidelines.
CHECKLIST OF REQUIREMENTS	
<p>The Municipal Agriculturists shall require the farmers to submit the following requirements:</p> <ol style="list-style-type: none"> RSBSA Enrollment Form Latest 2x2 ID picture taken not more than 6 months One (1) copy of original land title, rent agreement or other legal document which certifies that he/she owns the land. PLANNING, MONITORING AND EVALUATION SERVICES

(External Services)

1. Accreditation of Civil Society Organizations (CSOs)

The accreditation of CSO is being conducted to ensure that government programs and projects are properly, efficiently and effectively carried out by the DA in partnership with CSOs and in order to recognize the role of CSOs in community development, acknowledge their capacities and capabilities in the successful implementation of agriculture and fisheries programs and projects in the region. A Regional Technical committee is created to facilitate the accreditation process to implement the guidelines for the accreditation of CSO to be engaged by DA as a partner in the implementation of agri-fishery projects.

2. Conduct of Livelihood and Capability Building Trainings

Agriculture sector has crucial role in the economy of the Philippines. In this view, capacity building and training opportunities had been provided to farmers including rural women in order to help flourish sustainable agriculture development more rapidly. Keeping this in view, the livelihood programs and capability trainings were designed to equip farmers with proper skills and competencies for crop production and other business opportunities to raise their house hold income and improve their living standards.

4. Support to Gawad Saka

The Philippines is an agricultural country. Most of the citizens live in the rural areas and support themselves through agriculture. The Filipino farmer and fisherfolk, who constitutes half of the national labor force, play a major role in economic recovery by contributing a quarter to the gross domestic product and generating 10% of the country's export revenues (World Bank, 2016). With this, the government has accorded highest priority to the development of the agricultural and fisheries sector not only to achieve an equitable distribution of benefits and opportunities, but also enable the farmers and fisherfolk to maximize their contribution to the Nation's wealth.

To duly recognize individuals and groups who contributed to the development of the agricultural and fishery sector, the Annual Gawad Saka is tagged as the most prestigious search of the DA. It aims to give honor and due recognition to dedicated individuals, groups, and institutions in the field of agriculture and fisheries, whose exemplary accomplishments in their field of endeavor and significant contribution to the advancement of our country's development, are worthy of emulation.

REGIONAL AGRICULTURE AND FISHERIES INFORMATION SERVICES (External Services)

1. Information Education and Communication (IEC)

Information, Education and Communication (IEC) play a vital role in the implementation of agricultural programs as the intended beneficiaries and stakeholders are informed about the various programs and interventions that the Department will provide how and where these can be accessed and what are the requirements for their availment. Moreover, new or improved technologies, best practices and feedbacks of other farmers and program/project beneficiaries are disseminated to the farmers and agri- stakeholders using various communication platforms such as print, broadcast, audio–video, and social media.

The Regional Agriculture and Fisheries Information Section (RAFIS) as the communication arm of the agency produces the IEC materials for the external clients which include the farmers, extension workers, rural based organizations, and the general public as well as for the internal clients which include its personnel and attached agencies. It also manages the social media account (FB page-Agriculture Bicol, twitter) and administers the agency's web page (<http://bicol.da.gov.ph>). Moreover, it monitors and responds to e-mail requests, messengers and group chats as well as snail mails addressed to the office.

Printed materials on various agricultural commodities, agricultural programs, and agricultural technologies are produced and distributed to the farmers and LGUs through the extension workers. Walk-in clients are also provided upon request.

Instructional and institutional videos, and documentaries of success stories and special events of the agencies are also produced and copies may likewise be requested.

Conduct of or sponsorship radio program is another means of disseminating supplemented by radio and TV guesting or interviews live or by phone patch.

Office or Division:	Regional Agriculture and Fisheries Information Section (RAFIS)			
Classification:	Simple			
Types of transaction:	G2C-Government to Citizen; Government to Government
